Instructor: Susan Neustrom, Ed.D.  SNEUSTRO@depaul.edu, 630-408-4038, available virtually and by appointment.

Course Dates: 06/14/2021-08/22/2021
Online with optional Zoom sessions: Tuesdays, 6-7:30pm weeks 1,3,5,7,9

Course Description
In this leadership course, students will use the text, behaviour/trait surveys, and case studies to understand leadership theories and models. Participants will learn to create, establish, and reinforce cultural rules of engagement designed to increase communication effectiveness and get the most out the current human dynamic in their respective environments. Understanding these various leadership models allows students to reflect on their own style in today's culturally changing environments.

Learning Outcomes and, if relevant, Competencies
The intended outcome of this course is that the students will understand leadership styles and theory and be able to apply them to their leadership and practice.

Upon successful completion of this course, the students:
• Can identify and articulate two or more theories or models explaining at least four basic leader behaviour styles.

• Can describe and assess anticipated change in the environment and plan change to address the problem associated with leadership and leadership skills.

• Can apply principles of cultural rules of engagement and communication in order to identify, analyze, plan, and implement personal and professional goals in changing environments.

Competences Offered:
FX, H3D (Can be taken for one or two competences. Each competence is 2 credit hours)
H3D: Can employ the skills of negotiation, mediation, or interpersonal communication in the resolution of a problem.
A. Can explain the skills of negotiation, mediation or interpersonal communication
B. Can apply those skills in the resolution of a problem

FX: Can articulate leadership styles and theories and be able to apply them to their own leadership choices and practice.
A. Explains theories and leadership styles
B. Applies those theories to one’s own leadership choices and practice

Learning Strategies & Resources

Required Textbook:
The following required textbook can be obtained from www.amazon.com; www.barnes&noble.com; MBS Direct, or available from the DePaul’s bookstore:

Supplemental Required Reading Materials will be included in each module in D2L.

Learning Deliverables (graded evidences of learning)

Learning Strategy includes:

- Presentations: A power point informational overview will be provided in each module.

- Readings: Students are expected to complete each reading assignment and incorporate theory, concept, and practices introduced in the module to complete all exercises as assigned.

- Discussion: Students will discuss specific questions related to the readings and critically address problems presented in case studies. They will contribute to the collaborative learning process.

- Analysis and Assessment: Students will use critical thinking skills to analyze arguments presented in scholarly articles. They will assess leadership skills to determine gaps in personal leadership and determine skills to be developed. Students will also discover perception of their leadership through interaction with colleagues.

- Reflection of Learning: Students will reflect on their learning, their values and beliefs to uncover who he/she is as a leader, identify how theories, concepts, and practices impact their leadership, and determine what skills are necessary to become an effective leadership.

- Leadership Development: Students will identify competencies and determine strengths and weaknesses to becoming an effective leader. They will develop a personal leadership plan with actions steps, a support system, and a timeframe for learning new skills.
Assessment of Student Learning

Class Participation:
Students are expected to participate actively and continuously throughout each week of the course. DePaul University anticipates that all students will be present for all modules in the course. Since the course builds on participants’ active contributions, the instructor will evaluate course activity using the guidelines described in the requirements and rubrics for each assignment.

Both individual activity level and the quality of contributions are important. For a good class participation score, students should mobilize not only the respective textbook chapters and required readings, but knowledge originating from research of scholarly sources, as well as personal practical experiences, is important.

Late work
Submitting all assignments by the due date and responding to discussion forums with an initial post and responding to students as outlined in the rubric is required. Work submitted up to seven days late will be accepted but subjected to loss of points as outlined in the rubric. In the case of extenuating circumstances that may preclude a student from submitting within seven days after the due date, a student must inform the instructor of the situation, and a mutual due date will be established.

In the event of an absence, it is imperative that students let the instructor know in advance so that revised due dates are confirmed. Always consult the course schedule of the syllabus for the module assignments.

Assessment of Learning:

Discussions: Ten discussion forums will address leadership topics and provide students a platform to share ideas, personal and professional experience, and present different perspectives. After the initial post, students will respond to a minimum of two students with thoughtful comments, questions, and relevant examples.

Case Studies: Ten case studies offer students an opportunity to critically think about organizational leadership issues.

Article/Video Critique: Four critiques will summarize and analyze popular or scholarly articles and videos pertaining to leadership theory, concepts, or practice. Chosen articles and videos will be embedded in D2L. The critique should be approximately 500 words (two pages double-spaced) using APA format.
**Skill Assessment:** Four skill assessments will determine level of leadership style and areas for development. The findings of the assessments will be used to design a professional development plan. The analysis should be approximately 300 words (one-page double-spaced) using APA format.

**Reflections of Learning:** Ten reflective papers will provide students an opportunity to reflect on each module, the readings, videos, skill assessments, and discussions. Reflection papers should be approximately 300 words (one-page double-spaced) using APA format.

**Personal Leadership Development Plan I:** The final project is to design a leadership plan after assessing your leadership style and learning about the impact of behavior on followers and outcomes. The goal is to create a plan to achieve an ideal leadership self. Part I will begin the process of developing a personal leadership plan by conducting a gap assessment. The Personal Leadership Plan Part I should be approximately 500 words (two pages double-spaced) using APA format.

**Personal Leadership Development Plan II:** The final project is to design a leadership plan after assessing your leadership style and learning about the impact of behavior on followers and outcomes. Part II will complete the personal leadership development plan using the findings from your gap assessment and include three competencies to develop, and action plan, timeframe for accomplishment, and recommendations for future development. The Personal Leadership Plan Part I should be 8-10 pages using APA format. Incorporate concepts derived from the readings and three additional scholarly sources to support the plan.

**Evidence Students will submit:**

As outlined above, students will submit the following items:

1) Article/Video critiques will follow the guideline of the rubric and submitted to the dropbox.

2) Skill Assessments will follow the guidelines of the rubric and submitted to the dropbox.

3) Personal Leadership Development Plan Part I – Students will develop a Leadership plan with action steps based on the finding of the skill assessment and submitted to the drop box.
4) Personal Leadership Development Plan Part II – Students will develop a Leadership plan with action steps based on the finding of the skill assessment and submitted to the drop box.

**Grading Criteria & Scale**

**Pass/Fail Grade Policy**

Students interested in taking a course on a Pass/Fail grade basis need to contact their academic advisor to request the option by the end of the second week of the course. SCPS students can email their requests to their advisors and include the course number, quarter, and student ID number. Non-SCPS students need to contact their home college for instructions on submitting these requests. Please review the P/F guidelines, course restrictions and GPA implications in the University catalog before making your request. A grade of Pass represents a D or better standard and therefore will not meet requirements that have a minimum standard of C- or better. For further clarification of the P/F option for SCPS students beyond the university guidelines, please refer to the SCPS catalog.

**Minimum SCPS Grade Policy**
SCPS degree programs with majors (BAPSBA, BAPSC, BAHA, BADA, BANM, and BALS) require a grade of C- or better in courses taken at DePaul or transfer work applied to course requirements in the Major and in the LL 261: Essay Writing course in the College Core. All other course requirements in these programs can be completed with a grade of D or better. SCPS degree completion major programs (BAABS and BALS) require a C- or better in all courses taken at DePaul applied to those programs. SCPS competence-based programs (BAIFA, BAC, BAGB and BAECE) require a D or better in courses taken at DePaul or transfer work applied to competence requirements.

**Incomplete (IN) Grade:** This process follows university policy. A student who encounters an unusual or unforeseeable circumstance that prevents her/him from completing the course requirements by the end of the term may request a time extension to complete the work.

- The student must formally initiate the request by submitting the Contract for Issuance of Incomplete Grade form (via email, word doc), no later than week 10 (or prior to the final week of a shorter-term course).
- **The instructor has discretion** to approve or not approve the student’s request for an IN grade.
- **The instructor has discretion** to set the deadline for completion of the work, which may be earlier but no later than two quarters (not counting Summer term).
- The instructor may not enter an IN grade on behalf of a student without a completed and agreed upon contract.
- The student is alerted that IN grades are not considered by Financial Aid as evidence of satisfactory academic progress.

Course Policies
To complete the course, you must complete each of the assignments as described in the course and submit them to your instructor by the assigned deadline. You are required to participate in the course discussion forum by responding to all instructor requests and by interacting with fellow students. If any changes to the originally published course syllabus used to select/register for this course occurs, the changes will be communicated in the first session/week of the course in writing; if significant assignment changes are made during the course it will be done officially with the consensus approval of students.

This course includes and adheres to the college and university policies described in the links below:
- Academic Integrity Policy (UGRAD)
- Incomplete (IN) and Research (R) Grades Expiration Policy
- Course Withdrawal Timelines and Grade/Fee Consequences
- Accommodations Based on the Impact of a Disability
- Protection of Human Research Participants

Other Resources for Students
- University Center for Writing-based Learning
- SNL Writing Guide
- Dean of Students Office

Instructor Brief Bio
Dr. Susan Neustrom is part time faculty at School of Continuing and Professional Studies/DePaul University, as well as part time faculty at another university and has over thirty years’ experience in leadership positions in both corporate and non-profit sector. She holds a Bachelor of Science in Business Management from National Louis University and a Master of Science in Organizational Leadership with a concentration in training and development from Lewis University. Dr. Neustrom received her doctorate
in education in Organizational Leadership from Argosy University and has developed many graduate and post graduate online courses. She is a published author of books, peer-reviewed journal, and several conference proceedings and keynote speaker for academic conferences and professional associations. Dr. Neustrom was recognized with the 2020 Teaching Excellence award. Presently, she is Director of a charitable foundation serving seniors in independent housing, assisted living, and memory care, an ICF certified life, leadership, and career coach, and is completing certification as a Compassion Cultivation Teacher.
