Course Description:

Your knowledge from years of learning in the workplace, community and other situations is stored in your brain as tacit knowledge. Increasingly, organizations recognize the importance of surfacing, articulating and transferring that knowledge in order to promote innovation. For professionals, this same process can result in self-awareness, recognition of expertise by others and even college credit.

This course will guide you through the process of articulating, documenting and presenting learning for credit. Students will think through how to augment their evidence of learning to meet college–level expectations and choose from a variety of formats to best present their knowledge and ability. The deliverable for this course is one submission with the intended outcome of planning for additional submissions of learning for credit toward your SNL degree. In the process, you will learn how to advance the transfer of knowledge in the workplace and elsewhere.

Credit hours: 2

Learning Outcomes:

1. Identifies criteria that represent college-level learning.
2. Applies these criteria to identify and describe a college-level learning experience.
3. Articulates the skills, knowledge and insights gained from this experience.
4. Contextualizes this learning in light of others’ ideas and findings.
5. Designs and presents evidence of learning for credit evaluation

Competence:

F-X Can apply principles of knowledge transfer for personal and organizational advancement.

Pass/Fail Grade Policy

Students interested in taking a course on a Pass/Fail grade basis need to contact their academic advisor to request the option by the end of the second week of the course. SCPS students can email their requests to their advisors and include the course number, quarter, and student ID number. Non-SCPS students need to contact their home college for instructions on submitting these requests. Please review the P/F guidelines, course restrictions and GPA implications in the [University catalog](#) before making your request. A grade of Pass represents a D or better standard and therefore will not meet requirements that have a minimum standard of C- or better. For further clarification of the P/F option for SCPS students beyond the university guidelines, please refer to the [SCPS catalog](#).

Minimum SCPS Grade Policy

SCPS degree programs with majors (BAPSBA, BAPSC, BAHAB, BADA, BANM, and BALS) require a grade of C- or better in courses taken at DePaul or transfer work applied to course requirements in the Major and in the LL 261: Essay Writing course in the College Core. All other course requirements in these programs can be completed with a grade of D or better. SCPS degree completion major programs (BAABS and BALS) require a C- or better in all courses taken at DePaul applied to those programs. SCPS competence-based programs (BAIFA, BAC, BAGB and BAECE) require a D or better in courses taken at DePaul or transfer work applied to competence requirements.

Incomplete (IN) Grade

This process follows university [policy](#).

A student who encounters an unusual or unforeseeable circumstance that prevents her/him from completing the course requirements by the end of the term may request a time extension to complete the work.

- The student must formally initiate the request by submitting the [Contract for Issuance of Incomplete Grade form](#) (via email, word doc), no later than week 10 (or prior to the final week of a shorter-term course).
- The instructor has discretion to approve or not approve the student’s request for an IN grade.
- The instructor has discretion to set the deadline for completion of the work, which may be earlier but no later than two quarters (not counting Summer term).
- The instructor may not enter an IN grade on behalf of a student without a completed and agreed upon contract.
- The student is alerted that IN grades are not considered by Financial Aid as evidence of satisfactory academic progress.
