

Bachelor of Arts in General Business Joint Degree Program (BAGB)

(Offered by the School for New Learning and the College of Commerce)

Illinois Articulation Initiative (IAI) General Education Core Curriculum (GECC) Transfer Package

A student transferring into this SNL program with a 12 or 13 course IAI GECC package will have fulfilled at least 9 of the Liberal Learning and Elective Area competencies and the L6 competence in the Lifelong Learning Area. If the student's IAI GECC included Microeconomics, and/or Macroeconomics, and/or Business Law, the student will have completed the equivalent number of additional competencies in this area. If the student brings all 3 of the business transfers listed above, 15 competencies or approximately 12 courses would be required to complete this area. The yellow shaded areas on the chart below would be waived with the transfer of the completed GECC package. The green shaded areas (or darker shading) would represent the business electives that would be waived if transferred. Competencies in bold print represent business requirements.

LIFELONG LEARNING AREA (12 competencies)	LIBERAL LEARNING AND ELECTIVE AREA (26 competencies)			FOCUS AREA (12 competencies)
	Arts & Ideas Category	Human Community Category	The Scientific World Category
